Create & Explore Monoprinting

Join fiber artist Toni Bergeon in a 3-hour class to explore the possibilities of monoprinting. Create unique images on fabric and paper using textile, acrylic paint and a variety of techniques – stamping, masking, layering, botanical printing and more!

Select one of your fabric images to frame on a 4x4 canvas (included) and take the rest home to frame, turn into postcards or small quilts. You will also learn techniques to add more color to your paper images to make them into framed art or notecards.
