Needle Felting Is Fun!

Learn to transform hand-dyed wool from the instructor's flock of sheep into your very own adorable mini fox through a step-by-step process via a Zoom class. Experience the magic of needle felting or learn some new tips to add to your growing skill set. Needle felting is rewarding and can also feel therapeutic. Material kits for this project will be available ahead of time. The kit includes enough wool to make two foxes, so you can continue the felting fun after class.
